Spanish Ibex Slam - 300 Club Award

Rules and Regulations

This award will be given to those hunters, who following the ethics which have always ruled the hunting activity, obtain a cumulative score of 300 inches or more as the sum of the measurements of the four different Spanish Ibex; Gredos, Beceite, South Eastern and Ronda, following the SCI measurement methods. The judges follow these rules to recognize the recipients of the award:

- 1.- The Spanish Prof. Hunters Assoc. must receive an Official SCI score sheet, signed by an official Measurer, for each one of the ibexes, obtaining a 300 inch combined, minimum score. The SPHA highly recommends to enter them in the SCI Record Book.
 - 2.- All 4 subspecies must be hunted with a member of the Spanish Professional Hunters Association in good standing
 - 3.- The prospective recipient must be a member in good standing of the Wild Sheep Foundation
- Those hunters that are recognized will be awarded during the Wild Sheep Foundation Awards evening at their annual Convention in Reno NV, USA
 - To be recognized with this award the entries (score sheets), need to have been received at least 3 months before the award ceremony
 - The trophies need to have been measured using the S.C.I. measuring Method I and must be accompanied by a field photo of the harvested trophy, and signed by an official SCI Measurer.
 - The decisions made by the jury are final
 - EXCLUSIONS: All trophies hunted with outfitters who are not members of the Spanish Professional Hunters Association
 - Entering the contest, means acceptance of the above rules and regulations
